

POWERCA – PRACTICE MANAGEMENT SUITE FOR CHARTERED ACCOUNTANTS

OFFER DOCUMENT

To: _____

Dear Sir/Madam,

Thank you for choosing **PowerCA** for your practice management needs. We are excited to welcome you and look forward to supporting your firm as you digitize, streamline, and scale your office operations.

1. Introduction

PowerCA is a practice management software built *by Chartered Accountants, for Chartered Accountants*. Originally developed in 2001 and refined over years of real-world usage, the software has evolved with the practical insights of a working CA firm.

Revived and enhanced during the COVID era, PowerCA today offers an end-to-end digital backbone for small and medium CA practices seeking better control, visibility, and efficiency.

2. Why PowerCA

PowerCA is engineered with the following principles:

- **Modular, scalable structure** to match firms of any size
- **Full data ownership** — your data stays within your premises
- **Flexible deployment** (client–server, browser-based, or cloud-ready)
- **Ready-to-use templates** based on best practices in CA office management
- **Deep customization options** to match your office workflow
- **Support-first approach** — patient onboarding, training, and implementation assistance

Whether you adopt one module or the entire suite, PowerCA adapts to your pace of implementation.

Address

No. 130, II Floor, Muneer Complex,
Palani Road, Udumalpet, 642126.

3. Who It's Built For

Firms that want:

- A **structured, digital system** for job management, billing, costing, client records, staff tracking, and financial statements
- **Affordable transformation** without recurring high SaaS costs
- **Total control** of data, users, and processes
- A trusted, CA-friendly product built on real office problems and solutions

Ideal for **small to mid-sized CA firms** planning to modernize operations.

4. Product Deployment Options

Standard Deployment (No Extra Cost)

- **Client–Server Model** – Ideal for single-location firms
- **Remote Access** – Works seamlessly if you have a Windows server with a static IP

Advanced Deployment (Optional)

- **Browser-Based Access** via Power Server
- **Cloud Hosting** (under testing; to be released soon)

Customization (Optional)

PowerCA can be tailored to your workflows based on:

- Written requirement notes
- Joint discussions

Custom features remain configurable and integrated.

Ongoing Updates

All feature updates and enhancements are included during your active subscription.

5. Implementation Overview

- **Day 1 Readiness:** You can generate your first invoice on the very first day.
- **Full Implementation:** Depends entirely on your focus and your team's readiness and commitment.

- **Success Drivers:**

- Data preparation
- Focused implementation
- Consistent usage
- Partner focus to Manage thro MIS
- Office-wide participation

Our team will support you throughout the setup, stabilization, and maturity phase.

6. Licensing & Technical Requirements

- **Unlimited client installations** within the office network
- **Server-based data storage** with optional NAS support
- **In-house control of all files, backups, access rights, and privacy**
- **Built-in backup & restore utilities**

No external data sharing is required. Sensitive client fields are encrypted.

7. Pricing & Offer Structure

Special Relaunch Offer – Exclusively for CAs

Software Price: *FREE*

You receive full usage rights for one year.

One-Time Cost (Mandatory)

Installation + Training + One-Year Support:

₹25,000 per installation (payable in advance)

This enables us to deliver sustainable support and continuous updates.

Annual Renewal (After Year One)

0.25% of turnover

(minimum **₹12,000** per year)

This pricing ensures affordability for smaller firms and proportional cost for larger ones, allowing continuous software enhancement.
